Re: Availability No: 09-761
Address: 4316 Old Cave Spring Rd SW
Tax Map Number(s): 077.17-06-05.00-0000
Contact: Andre Purdue (540) 989-8188

Prepared by: Aaron Shearer, Utility Planner (540) 853-1588

Our records indicate that this property was not previously served by public sanitary sewer and was connected to a private septic system. A combined 6" sewer lateral has been requested to accommodate a future subdivision of this property. This service will be constructed by the Authority following payment of the required fees.

To proceed with service, please follow the steps below:

1. Call 853-5661 to schedule a home Inflow & Infiltration (I&I) inspection.
2. Correct any I&I defects identified by the inspection, as required to receive a Certificate of Conformity.
3. Make Payment to: Availability No: **09-761**
Roanoke County Administration Center
Community Development
5204 Bernard Drive
Roanoke, VA, 24018
4. Customer shall hire private contractor to install meter vault and meter setter according to WWA standards. Plumber must acquire a Plumbing Permit from Roanoke County for the private portion of this sewer service (the portion located on private property) and to install meter vault and meter setter to WWA standards between private water source and structure.
5. When meter vault and meter setter have been installed to WWA standards and ready for meter to be set, please contact customer service at 853-5700 to request meter to be installed. Please allow six weeks following payment for construction of the sewer service. Low floor served by sewer must be a minimum of 3-feet higher than the elevation of the sewer main at the point of service connection.
